Premium Hand Sanitizer

DESCRIPTION

RCS Premium Hand Sanitizer is a formulated non-toxic hand sanitizer for physically removing germs from the skin of hands and arms. Removing germs from your hands helps to limit access to your body through the eyes and nose and is a key aspect of personal hygiene required in times of elevated health risk.

CUSTOMER NEED

Over the course of a day, people touch surfaces, grasp handles and knobs, and contact other people directly. This multitude of contacts leads to build-ups of dirt, food, and germs that if left unattended could increase the safety hazard of everyday life. With the growing concern for personal hygiene at home and at work, the need for alcohol-based liquid sanitizers to provide convenient alternatives to soap are in demand. These products also evaporate quickly eliminating the need to rinse or dry your hands after use if the opportunity does not exist to do so.

RENOUNED CHEMICAL SOLUTIONS

Renowned Chemical Solutions is a rising leader in the distribution of commodity chemicals and sanitation products across the United States. RCS offers premium quality hand sanitation products with soothing natural gums for fast and friendly sanitation. Our Premium Hand Sanitizers include natural hydrating properties that give a soothing gel feel while you rinse your hands. A few drops of our high quality product will be all you need to moisturize and sanitize the hands on-the-go, before a job or when you walk into a room. Our Premium Hand Sanitizers deliver fast, effective and safe cleansing without the use of water or towels without stickiness.

- Soothing gel feeling
- Natural gums
- Fights dryness
- Quickly evaporates
